Mr. Jerome Duane Enger
Manager and Registered Agent
Crown Seating LLC
7300 S. Tucson Way
Centennial, CO 80112

Dear Mr. Enger:

We received your submissions on behalf of Crown Seating LLC (“Crown Seating” or the “Company”). During our review, we discussed concerns that marketing materials may have overstated the extent to which the Company’s medical or dental seating products are made in the United States.

As discussed, unqualified U.S.-origin claims in marketing materials – including claims that products are “Made” or “Built” in the USA – likely suggest to consumers that the products advertised in those materials are “all or virtually all” made in the United States.¹ The Commission may analyze a number of different factors to determine whether a product is “all or virtually all” made in the United States, including the proportion of the product’s total manufacturing costs attributable to U.S. parts and processing, how far removed any foreign content is from the finished product, and the importance of the foreign content or processing to the overall function of the product. The “all or virtually all” standard is codified in the Made in USA Labeling Rule, 16 C.F.R. § 323 (the “MUSA Labeling Rule”).²

¹ FTC, *Issuance of Enforcement Policy Statement on “Made in USA” and Other U.S. Origin Claims*, 62 Fed. Reg. 63756, 63768 (Dec. 2, 1997) (the “Policy Statement”). Additionally, beyond express “Made in USA” claims, “[d]epending on the context, U.S. symbols or geographic references, such as U.S. flags, outlines of U.S. maps, or references to U.S. locations of headquarters or factories, may, by themselves or in conjunction with other phrases or images, convey a claim of U.S. origin.” *Id.*

² Effective August 13, 2021, it is a violation of the MUSA Labeling Rule to label any covered product “Made in the United States,” as the MUSA Labeling Rule defines that term, unless the final assembly or processing of the product occurs in the United States, all significant processing that goes into the product occurs in the United States, and all or virtually all ingredients or components of the product are made and sourced in the United States. See <https://www.federalregister.gov/documents/2021/07/14/2021-14610/made-in-usa-labeling-rule>. Pursuant to 15 U.S.C. § 45(m)(1)(A), the Commission may seek civil

FTC staff members are available to work with companies to craft claims that serve the dual purposes of conveying non-deceptive information and highlighting work done in the United States. To avoid deceiving consumers, Crown Seating removed unqualified U.S.-origin claims from its marketing materials.

Based on the Company's actions and other factors, the staff has decided not to pursue this investigation any further. This action should not be construed as a determination that there was no violation of Section 5 of the Federal Trade Commission Act, 15 U.S.C. § 45. The Commission reserves the right to take such further action as the public interest may require. If you have any questions, please feel free to call.

Sincerely,

Julia Solomon Ensor, Staff Attorney

Lashanda Freeman, Senior Investigator

penalties of up to \$50,120 per MUSA Rule violation.
